## I'm here and I will stay

I'm here  
I'm here in this very room  
This very room where we used to be together  
Now I'm alone  
You're not here  
You left this world a long time ago  
I'm thinking about you  
Thinking about the good time we had together  
I'd like to follow you  
I'd like to leave this world  
This world is so cruel  
It took you away from me  
I know it wasn't your fault  
But it smashed my heart into pieces  
It took years...but slowly my heart died  
And now I'm here again  
Back were it all began  
I'm thinking about all the things that happened since you died  
And now I know something  
I have a reason for living  
My friends and family need me  
And so I stay  
Thank you for being there for me
