## It's not to late

I want to...  
feel again  
live again  
be alive again

I don't want to...  
feel bad  
feel sad  
be dead

Just gimme back my razorblade  
before it's too late  
before it's too late  
...before it's too late

My heart is dead  
I feel so sad  
I feel so bad

I can't go back  
I can't live like this  
You don't know what it is...I miss

Just gimme back my razorblade  
before it's too late  
before it's too late  
...before it's too late

Strawberry red blood blooming on my skin  
It's a sin  
It's a sin  
But it's what makes me feel  
It's what makes my life feel real

So let me keep my razorblade  
You'll know when it's too late

You'll know when I can't take it anymore  
So please let me keep my razorblade  
It's not too late  
It's not too late
