

# He is...

Von Vei-Chan

## Oneshot - He is...

His face is the abyss of my senses  
His eyes are the ocean of my dreams  
Everyday the're a lot of chances  
In the fight I'm afraid if he screams

Whereever he goes,  
whereever he goes,  
In my solitude his picture glows  
Only for him,  
only for him  
I am the little girl Rin

His feelings are the colours of my soul  
His words are the bottom of my heart  
Without him my interior is a black hole  
Have I deserved his guard?

Whereever he goes,  
whereever he goes,  
In my solitude his picture glows  
Only for him,  
only for him  
I am the little girl Rin

His proud is the power of my mind  
His body is the byword of beauty for me  
Without his light I'm completely blind  
Is he by my side I'm feeling so free

Whereever he goes,  
whereever he goes,  
In my solitude his picture glows  
Only for him,  
only for him  
I am the little girl Rin

His wounds are my tears  
His presence is my existence  
Daily we're going threw a thousand fears  
I'd never know where from he takes his resistance

Whereever he goes,  
whereever he goes,  
In my solitude his picture glows  
Only for him,  
only for him  
I am the little girl Rin

I'm afraid of killing my enemy  
Anyway how much dangers he sends  
I wouldn't have enough cruelty  
and I don't want that our journey ends

Whereever he goes,  
whereever he goes,  
In my solitude his picture glows  
Only for him,  
only for him  
I am the little girl Rin
