Kapitel 21: Fly

Come out...

Emerge your egg and start to fly
you won't regret it if you try
ready dried you'll spread your wings
wondering what new daylight brings

Freedom

Escape the care of mother's shadow
Fly above the greenest meadow
end of childhood - fully grown
finally all on your own

Independence

You'll leave the scared and half tormented
Being curious is never rented
"What if he won't return?"
Nescience bothers, worries burn

Nonsense

Does a bird ever return to the nest it's born?

No...

But that is it what seperates birds from human beings...

WE will always return to the one making us fly once...

If they deserve it.
If they are worth it.
