Kapitel 1: I am a wanderer

Wandering angel – by Kuroi

*I`m a wanderer
I`m a lonely wanderer
I`m wandering through the world
and nothing can stop me on my way
`till I find my own peace of heaven*

*I can see the lonely children with no parents
and no chance in this world
Can see all this people
with nothing to eat, nothing to drink an without a work
They have no chance in this world
No chance...*

*I`m a wanderer
I`m a lonely wanderer
I`m wandering through the world
and nothing can stop me on my way
`till I find my own peace of heaven*

*I have to see all of these pain of broken souls
Where are their guardian angels?
Where are their gods?
Why is there no one?
No one who helps?*

*I`m a wanderer
I`m a lonely wanderer
I`m wandering through the world
and I can`t help
Because I`m a wandering angel
Searching his peace of heaven...*

Kapitel 2: My Mask

My Mask

*I see the hate in your eyes
And it hurts me
Put the mask on
My feelings are hidden
I am cold as ice*

*Look into my eyes
Look into your eyes
For a moment the feeling
That you would understand
-Only for a moment-
Then it's flown away*

*Everytime we talk
I get the feeling that
My heart's breaking in pieces
But I have my mask still on
This mask that's slowly killing me*

*Look into my eyes
Look into your eyes
For a moment the feeling
That you would understand
-Only for a moment-
Then it's flown away*

*Hope you will see
One day
All my pain
My personal nightmare*

*Hope you will realize one day
My mask and put it all away
And that you can see
Myself behind*

*Hope we will be one day
-Far away I think-
Something like friends
-Before my mask kills me-
Before I die of myself
-Before my mask kills me-*
