Kapitel 4: GLORIFY

April 13th, 2004 / 1.10 p.m.

GLORIFY

They hear your voice,
and it seems like they melt away.

Why do you tell them this is wrong?
It was their choice,
they wanted this on their own.

I'm sure you don't wanna know,
but they glorify you ...
Like I do.

You're more than just an idol,
I glorify you;
see your face with an halo.

You - and no one else ...

And even I'd tell this a million times,
you would deny;
they can call you their hero,
but you run away.

Remember that nothing can stop us
anyway ...
we glorify you.

For us, you're more than an idol,
we glorify you ...
- we see your face with an halo.

You -
and no one else.
